Furniture That Shows The Proper Use of Money

It converts money into home happiness. It invests money in a way that pays daily dividends. A well furnished home elevates the character of the people, who live in that home. Environment is as important as birth to children-often more so. Surround your children with good, tasteful, artistic and harmonious home furnishings, if you would have them grow up aesthetic and appreciative of art and culture.

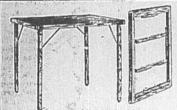

Today we are ready with all new "Life-Time" Furniture and invite you in to see the display.

THIS BEAUTIFUL MAHOGANY DINING ROOM SUITE of Adams Period finished in Old English—56-inch table: 60-inch buffet; 45-inch china closet and six chairs—entire suite for \$230.00.

Another Dining Room Suite of Solid Mahogany, Sheritan design, in Old English finish, is simply handsome. All our Suites are interlocked with mertised joints which keeps every part solid to-gether and will not loosen in spite of long service or age. SEIZED BY BRITISH.

WASHINGTON, D. C., Oct. 1. Disputches received at the British embassy today state that two cargoes of capper, consigned to the Krupp works in Germany from the United States, were seized and diverted to England. It was believed that the copper was to be used in the construction of torpedoes. Payment of the full value of the cargoes was remitted to the American shippers. Brit ish officials here pointed out that it was the aim of their government that such scizures should not result in loss to American interests and that full payments would always be made for diverted cargoes captured and used by England.

Skidoo Days For Oxfords October 1, 2, & 3.

There are stronger reasons for discarding low shoes Oct. 1 than those for putting away the straw hat on Sept. 15. Where the latter is one of appropriate and the former is a second of the straw and the former is a second of the straw and the former is a second of the straw and the former is a second of the straw and the str pearance only, the former is a matter of health as well.

Physicians of prominence have long maintained that low shoes worn too late in the seasnoes work to have to health.

Ailments, contracted in the early fall, caused by poor pro-

tection for the feet, weaken the system, lower the vitality and leave one in poor physical condition to withstand the

rigors of winter.
Severe colds, rheumatism and pneumonia have been traced to the habit of wearing low shoes too late in the sea-
